Keynote 1

Lead2Win

How to **LEAD** others **EASILY** as a Doctor, and Be **KNOWN** for it

For an Ambitious Doctor who wants to Lead successfully, and who understands they have to absolutely **Win the Long Game of Leadership**.

Reduce the complexity of your situation and turn clear thinking into powerful action. A leader's success depends on the impact you create, **AND** if you can repeat it. Healthcare is complicated, overrun by day-to-day work, and everything seems stuck. To build meaningful Influence, a Leader has to regularly convey their deep thinking in a way that others will follow them.

You will learn:

1. How to discover **the deep leadership your people really need**, but can't describe
2. How to uncover the **Playbook of Success** you need to create that Leadership
3. **The key questions** you must answer to lead everyday and yet keep a long-term focus

**Put Principles into Practice.
Eliminate Apraxia from your Life and Leadership.**

Duration: 45-60 minutes

Intended Audience: Ambitious Mid-Career Doctor who wants to be seen as a Successful Leader

What Others Are Saying

"Harjot delivered the virtual Keynote at our Innovator MD World Congress. It was the end of the day, and I was surprised that he was able to keep everybody engaged for so long. The audience felt energized and were talking about how entertaining it was. Would have him again at our next program!"

Keynote 2

Secure **YOUR** Wins as a Physician Leader: Three **Bio-Psycho-Social** Transitions to Know if You Want Others to Follow **You**

For a Successful Doctor who wants to be seen as a Successful Leader. Be a Master of your future - boost your confidence, reduce fear of uncertainty, and keep yourself prepared for new kinds of learning lifelong. Understand and Embrace these **unavoidable** changes happening within you & around you.

Secure **YOUR** future and absolutely win the **Long Game of Leadership.**

You will learn:

1. The **three big changes happening that you can feel**, but have hard time describing
2. How to **Master all Three** to create your bigger success
3. How to create the **Playbook of Success** that helps you succeed everyday and keep a long-term focus

**Put Principles into Practice.
Eliminate Apraxia from your Life and Leadership.**

Duration: 45-60 minutes

Intended Audience: Ambitious Mid-Career Doctor who wants to be seen as a Successful Leader

What Others Are Saying

"Dr. Singh spoke at our annual conference in October. Our attendees appreciated his attention to the relevant literature related to his talk. The depth of material provided on a broad and often vague topic of wellbeing was impressive. I was impressed by the energy and passion with which he spoke. Harjot livened up our conference and was able to adapt his material to our audience. I personally took away from the talk a renewed sense of desire to seek wellness for myself and my colleagues. Highly recommended!"
